DECEMBER 2023

Melody's Story

In July of 2022, a sweet cat lover took pity on an underweight, young cat who was filled with parasites. She weighed in at only 6.6 pounds and the vets wanted to spay her. Feeling like she wasn't healthy enough for spay surgery, the kind woman chose to wait. Boy was she glad she did because after two weeks of her initial appointment, Melody gave birth to four healthy kittens. All four kittens were adopted and Melody came into our adoption center. Soon after intake, we noticed a lump on her lip. The original diagnosis was inconclusive. So a round of antibiotics was ordered by the vet. After the medication did not shrink the lump, the biopsy was completed and cancer was diagnosed. Thanks to donors and volunteers, we were able to pay her medical bills and give her the care she deserved.

Last April, a visitor from Georgia had the opportunity to meet and snuggle with Melody. It was love at first sight! We knew they were the perfect match and thanks to our generous donors, Melody was given the gift of happily ever after!

ABOUT A TIME 4 PAWS

Organized in 2005 we soon after became a Nonprofit 501(c)3 as an animal welfare organization. We follow the “NO Kill” philosophy, giving every animal the equal opportunity to be adopted into a loving home and live a better life. We operate our Adoption Center as well as a Thrift Store, which is a major source of funding for the care of our animal residents and our COMMUNITY OUTREACH PROGRAMS. We are not funded by any government program, therefore depend on our community for support, by shopping our thrift, monetary donations, support of fundraising events and donations through Estate Planning.

A NOTE FROM OUR PRESIDENT & FOUNDER

As 2023 comes to a close, it makes me feel so much gratitude as I look back on all the successes we've had throughout the year and culminating 18 years for A Time 4 Paws. I'm super thankful to look back on all our wonderful volunteers, animals that we've saved and helped, and humans that have received our gifts through our Community Outreach Programs. It just brings me so much joy all throughout the year, but especially as the year ends and a new one begins. We're looking forward to 2024 as we have so much planned like our new fundraising business and low cost spay and neuter clinic. We're excited about helping the community so much more in this year to come and we invite you to be a part of it!
