COMMUNITY OUTREACH PROGRAMS

KEEPING PETS WITH THEIR PEEPS

Sometimes a little help is all that is needed to keep a pet from being surrendered or abandoned on the street. The AT4P Thrift Store funded programs do just that. When people like you make a donation or drop off a dog house or pet food for the pantry, it just may be the answer to someone's prayers. Through our outreach programs we offer a lifeline to pet owners in need.

Email us at savetnpets@gmail.com for more info about our:

ABOUT A TIME 4 PAWS

Organized in 2005 we soon after became a Nonprofit 501(c)3 as an animal welfare organization. We follow the “NO Kill” philosophy, giving every animal the equal opportunity to be adopted into a loving home and live a better life. We operate our Adoption Center as well as a Thrift Store, which is a major source of funding for the care of our animal residents and our COMMUNITY OUTREACH PROGRAMS. We are not funded by any government program, therefore depend on our community for support, by shopping our thrift, monetary donations, support of fundraising events and donations through Estate Planning.
